1.1 Introduction

Minber Production management system

In any manufacturing system, the job of a Production Manager is to manage the process of converting inputs into the desired outputs.

It is concerned with the production of goods and services, and involves the responsibility of ensuring that business operations are efficient and effective.

It is also the management of resources, the distribution of goods and services to customers.. It is also concerned with the design and the operation of systems for display useful information for audience.

A production system is a collection of people, equipment, and procedures organized to perform the manufacturing operations of a company (or other organization).

1.2 Production Management Features

Maintenance

- Any activity—such as tests, measurements, replacements, adjustments, and repairs—intended to retain or restore a functional unit in or to a specified state in which the unit can perform its required functions.
- All action taken to retain material in a serviceable condition or to restore it to serviceability. It include event announcement,program, sub program category , production material .
- All supply and repair action taken to keep a force in condition to carry out its mission.

Program planning

A program is created when an organization identifies a need and creates a plan for addressing that need. In order to be successful, a program must have specific goals and a process for meeting those goals. Program planning is the means by which this objective is achieved. Various models, such as the logic model or evidence-based model, may be used to create a program plan. When planning, an organization will consider the problem that has been identified, potential solutions and desired

outcomes, and the resources available to implement the program. Support and participation by stakeholders, or other interested parties, and ongoing program evaluations are key elements of solid program planning.

Production

Production is the method of turning raw materials or inputs into finished goods or products in a manufacturing process. In other words, it means the creation of something from basic inputs.

Production is the process of making or manufacturing goods and products from raw materials or components. In other words, production takes inputs and uses them to create an output which is fit for consumption – a good or product which has value to an end-user or customer.

Transmission

the process of broadcasting or sending out something by radio or television, on the internet, etc., or something that is broadcast or sent out :

Broadband transmission has speeded up access to these sites.

We rely on high-speed transmission **of** data.

We apologize for the interruption to our transmissions this afternoon.

1.3 Terminology

Announcement -----The act of announcing something or of being announced

Event -----An event is something that happens, especially when it is unusual or important. You can use events to describe all the things that are happening in a particular situation.

Program ----- A program is a set of instructions that a computer follows in order to perform a particular task.

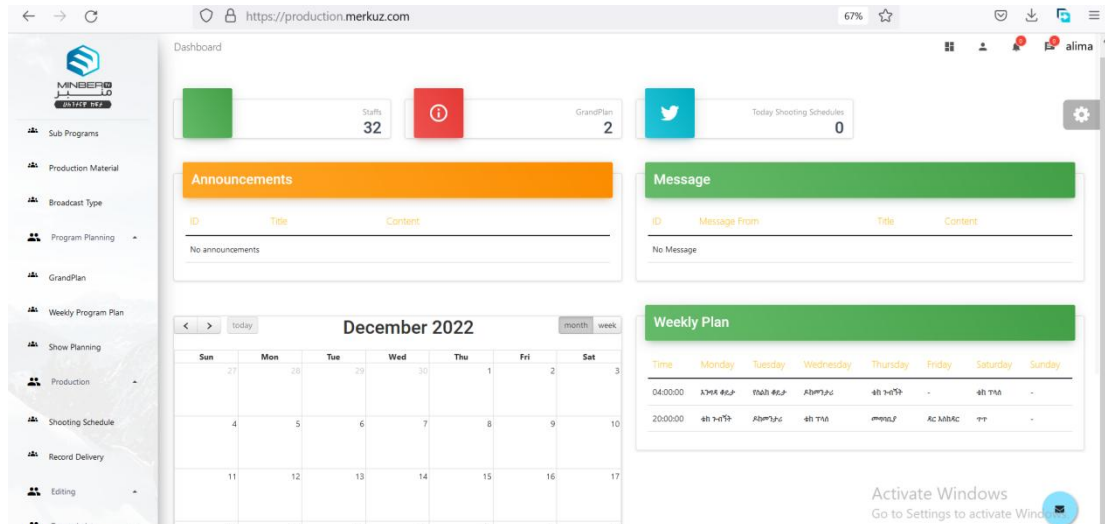

Broadcast type -----Broadcasting is the distribution of audio or video content to a dispersed audience via any electronic mass communications medium, but typically one using

Plan --- ----- A plan is typically any diagram or list of steps with details of timing and resources, used to achieve an objective to do something. It is commonly understood as a temporal set of intended actions through which one expects to achieve a goal.

Shooting schedule -----A shooting schedule or script breakdown is an outline of each scene in a film, including the order in which it will be filmed, the amount of time needed to shoot the scene and any special production needs.

Record delivery -----If you send a letter or parcel recorded delivery, you send it using a Post Office service which gives you an official record of the fact that it has been posted and delivered.

2. production management system software

2.1 System Login

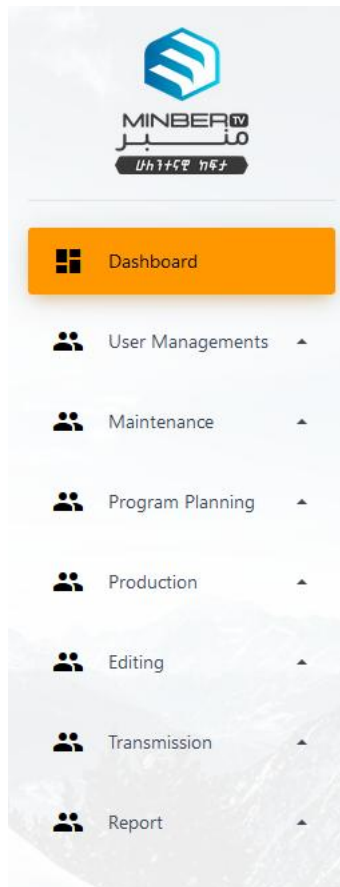

Steps:

- 1) type the link to the browser.
- 2) After the Login Screen is displayed, input your Email and Password
- 3) Press <Login>

The login form for the Minber Production System. It features a blue header with the system name and social media icons. Below the header are input fields for 'Email...' and 'Password...', a 'Remember me' checkbox, and a 'LET'S GO' button.

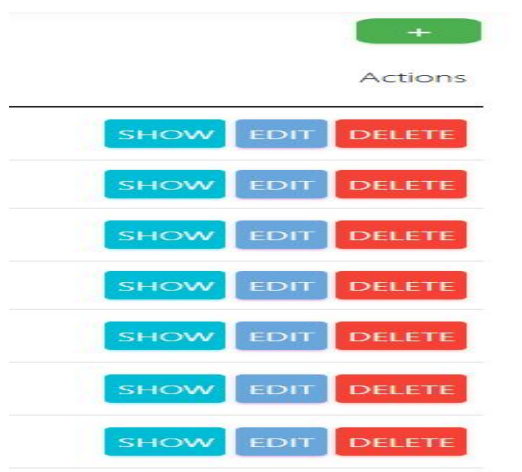

2.2 Workspace Components

2.2.1 Menu Bar

At Menu Bar, you can choose different functions by clicking the Function Name and then choose the screen that you want, or;

2.2.2 Control Panel

At Control Panel, there are buttons for you to control the activities and processes that you want to make. The characters of buttons are in different color while the buttons are disabled. The most popular ones are:

Add New Button : Add a new entry.

Edit Button : Update a specific record and selection.

Steps:

1. View/pick the record that you want to update
2. To Update an existing record, click the edit button Update the fields you want
Click Confirm button.
3. To Cancel the changes, Click Cancel button.

Delete Button : Delete an existing record.

Steps:

1. View the record that you want to delete
2. To delete an existing record, click the Delete button.
3. Click Ok button in the Pop Up Message to Confirm Delete, No button for Cancel the deletion.

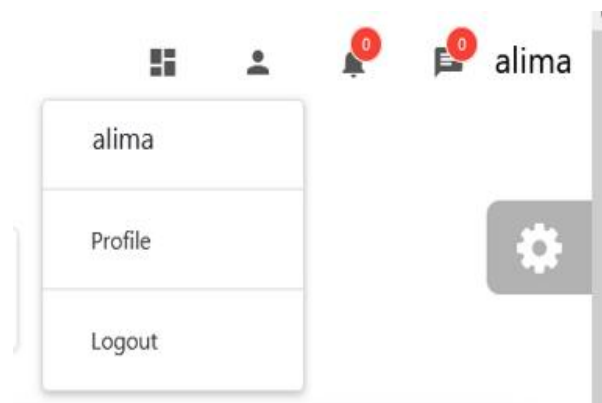

Show Button : show the records.

2.2.3 Search Engine

Search by name,email,phone,or address...

At Search Engine, you can select a specific Field from the report and type the search criteria to search a list of records.

2.2.4 System Logout

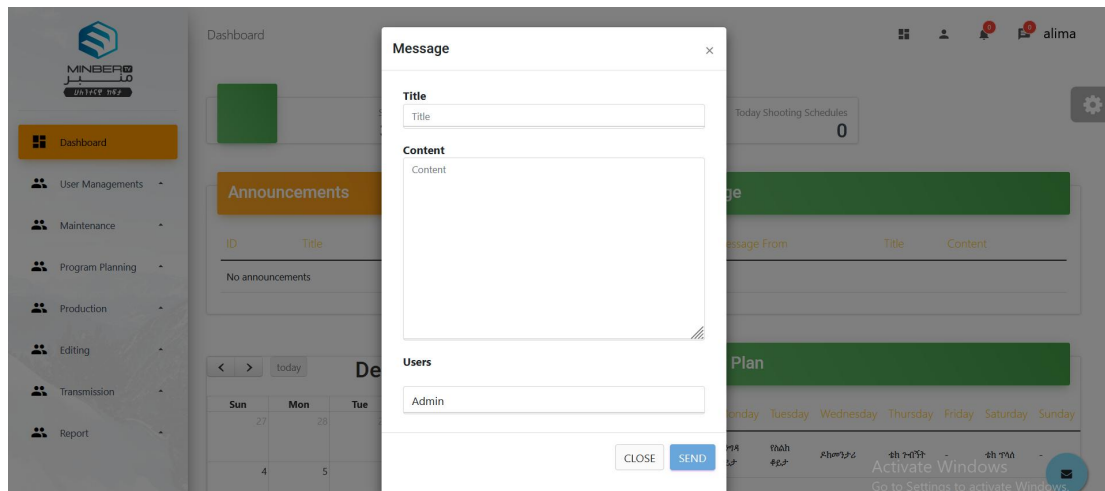

When the Application System is finished, user may perform logout system to exit the system.

Steps:

- 1) At profile, Click button to logout the system.

2.2.5 Message

To send message

Steps:

1. In menu File, click white blue color button on the bottom corner.
2. Type title,content,users.
3. Click send button to confirm the input

If the user has submitted the data then he/she can view it by clicking on message button to view Details messages.

2.3 Master File Setup

2.3.1 User management

- ❖ User
- ❖ Role

A) User

The screenshot shows the 'Create New User' form in the Minber production management system. The form is overlaid on a dashboard. The dashboard has a sidebar with navigation links: Dashboard, User Managements, Users, Roles, Maintenance, Program Planning, Production, Editing, and Transmission. The main content area shows a list of users with columns for Number, Name, and Actions. The 'Create New User' form has the following fields: Name (text input), Email (text input), Phone (text input with a dropdown arrow), Gender (dropdown menu with 'Male' selected), Password (text input), Confirm Password (text input), and Role (text input with 'Admin' selected). A blue 'SUBMIT' button is at the bottom right of the form. The background shows a table of users with names like 'alima', 'mohammedkerem', 'imran', 'Rahma Abas', and 'Ahadu Girma'. There is also a table of roles with names like 'Admin', 'Editor', and 'Editing Supervisor'.

Create a new user

Steps:

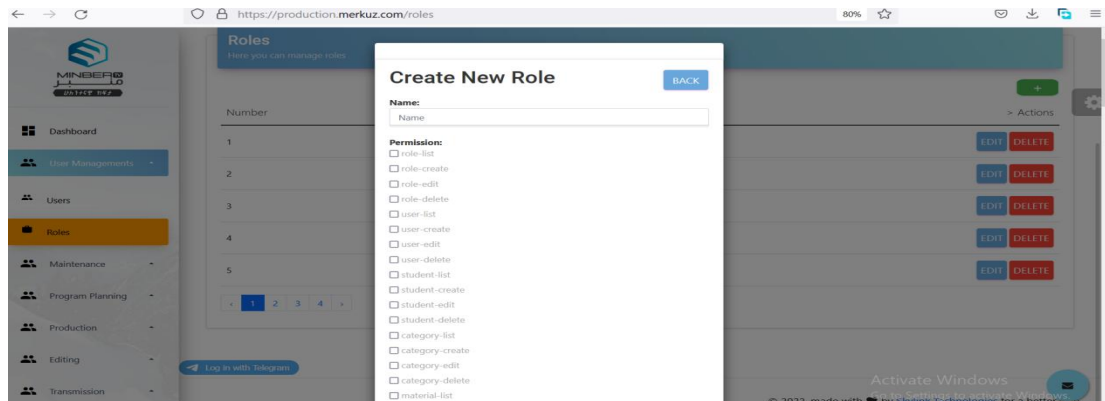

1. In menu File, click user management and click users File.
2. Click button.
3. Type users name, email, phone number, gender, password, confirm password and select role.
4. Click button to confirm the input

Once the data is saved, the admin can view or edit users which is showing in table.

If the user has submitted the data then he/she can view it by clicking on View Details link

The admin create new user with in a specific roles. If the role is not found in the list then add new role.

B) Role

Create a new role

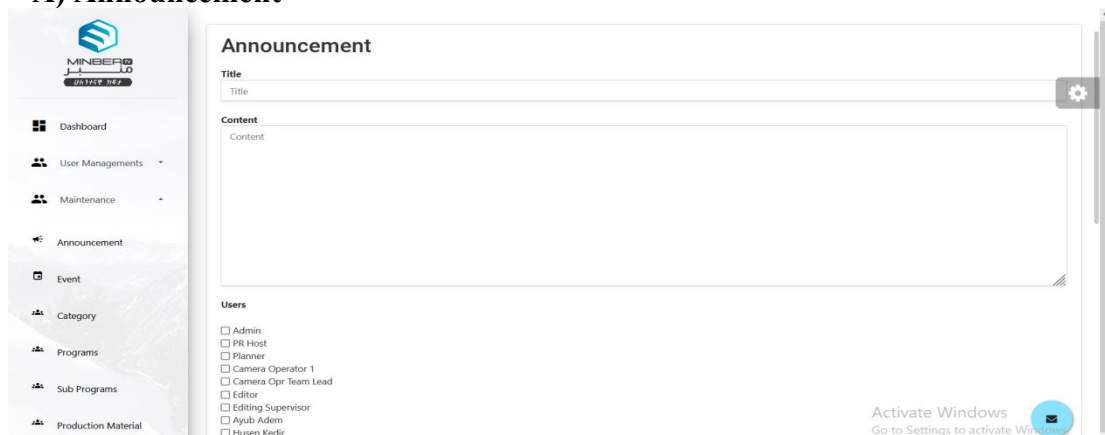

Steps:

1. In menu File, click user management and click role File.
2. Click button.
3. type name and select the permission.
4. Click button to confirm the input

2.3.2 Maintenance

- ❖ Message
- ❖ Announcement
- ❖ Event
- ❖ Category
- ❖ Program
- ❖ Sub program
- ❖ Production material
- ❖ Broadcast type

A) Announcement

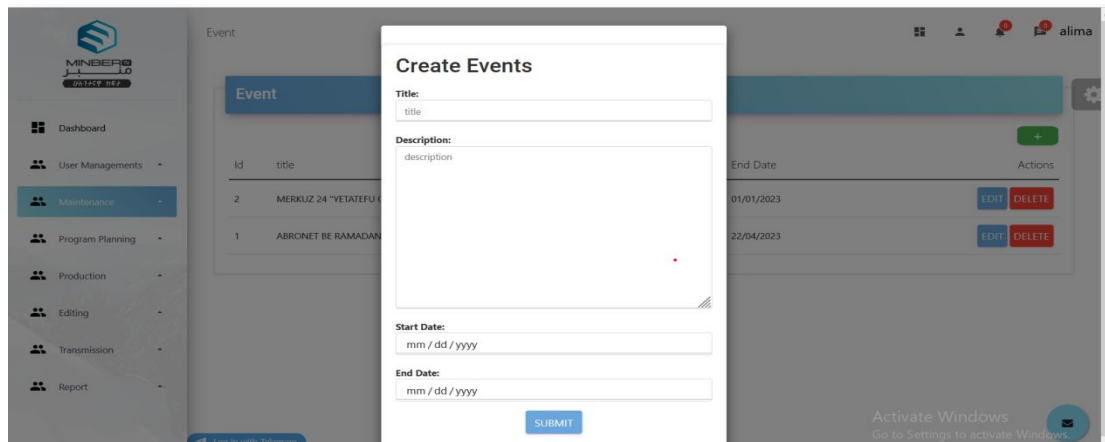

Create a new announcement

Steps:

1. In menu File, click maintenance and click announcement File.
2. Click button.
- 3.Type title , content,and select the user.
4. Click button to confirm the input

If the user has submitted the data then he/she can view it by clicking on dashboard to View Details announcement .

B) Event

Create a new event

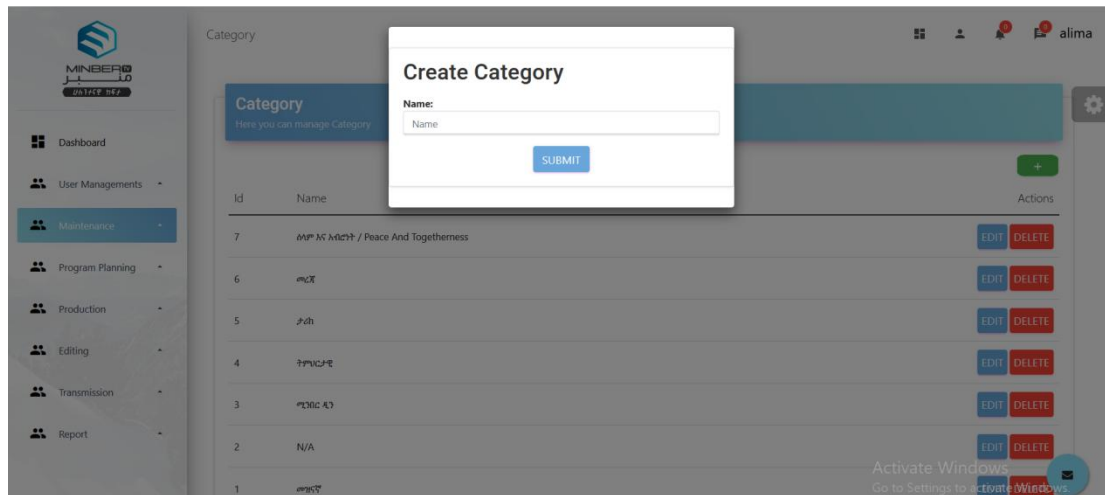

Steps:

1. In menu File, click maintenance and click event File.
2. Click button.
- 3.Type title , description,start date ,end date.
4. Click button to confirm the input

If the user has submitted the data then he/she can view it by clicking on dashboard to View Details events .

Event and announcement is display in the dashboard.

C) Category

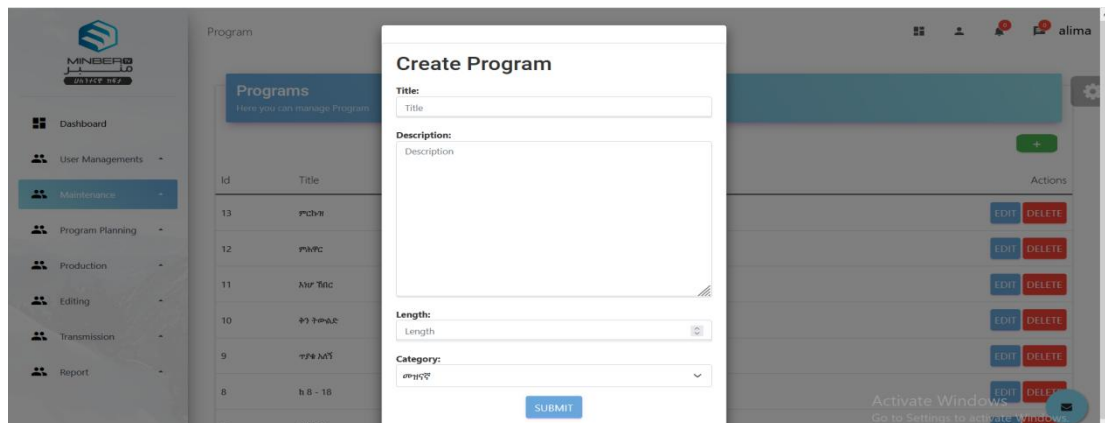

Create a new category

Steps:

1. In menu File, click maintenance and click category File.
2. Click button.
3. Type category name.
4. Click button to confirm the input

D) program

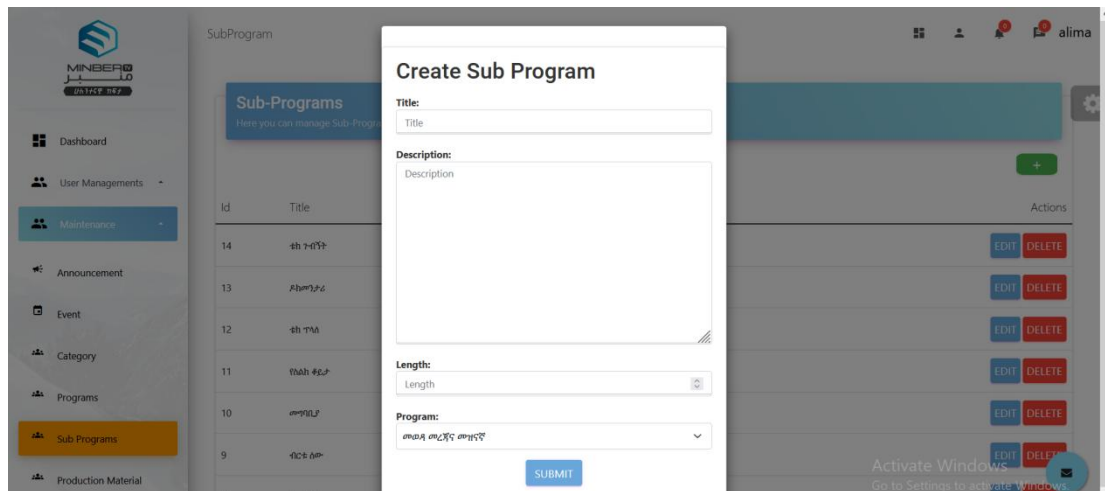

Create a new program

Steps:

1. In menu File, click maintenance and click program File.
2. Click button.
3. Type title, description, length and select category .
4. Click button to confirm the input

E) Sub program

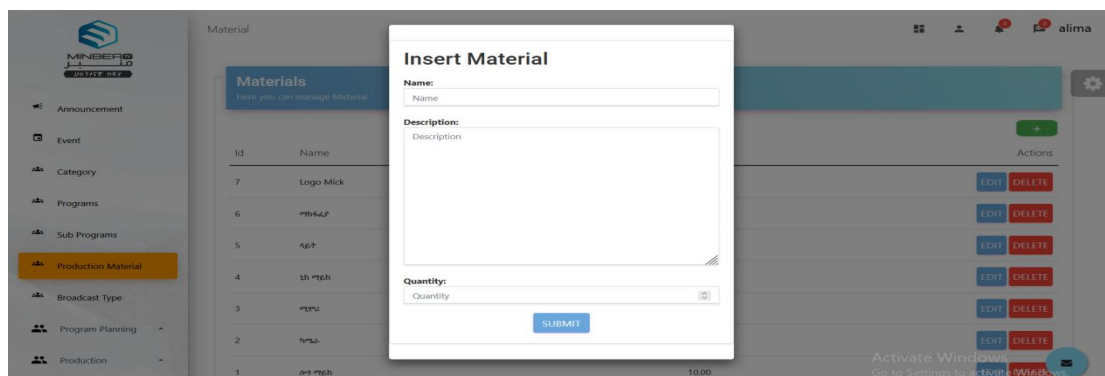

Create a new program

Steps:

1. In menu File, click maintenance ,click sub program File and click plus sign.
2. Click button.
- 3.Type title, description, length and select program .
4. Click button to confirm the input

F) Production material

Create a new program

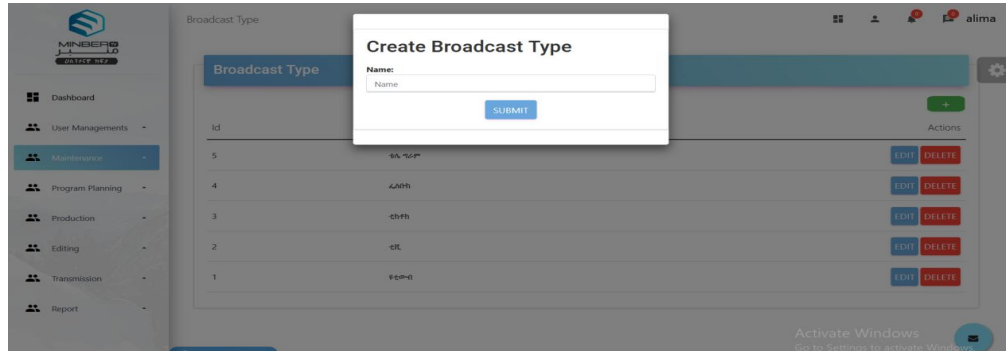

Steps:

1. In menu File, click maintenance ,click production material and click plus sign.
2. Click button.

3.Type name,description , quantity .

4. Click button to confirm the input

G) Broadcast type

Create a new broadcast type

Steps:

1. In menu File, click maintenance ,click broadcast type and click plus sign.

2. Click button.

3.Type broadcast name.

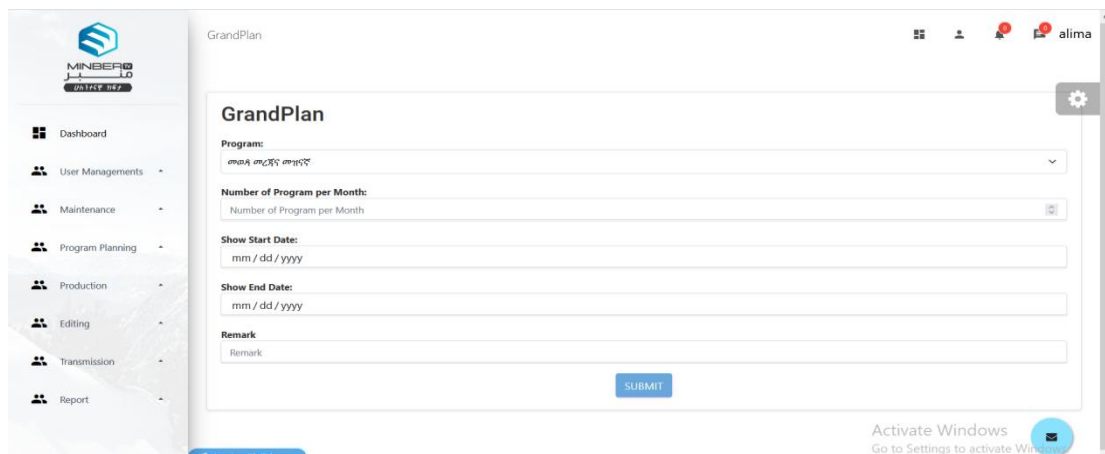

4. Click button to confirm the input

2.3.3 Program planning

- ❖ Grand plan
- ❖ Weekly program plan
- ❖ Show planning

A) Grand plan

In minber TV Grand plan was planned by Production manager.

Create a new grand plan

Steps:

1. In menu File, click program planning ,click broadcast type and click plus sign.
2. Click button.
- 3.Select program,type Number of Program per Month,type Show Start Date, type Show end Date , type remark.
4. Click button to confirm the input

B) Weekly program plan

Weekly program plan planned by program planner.

The top screenshot displays the 'Weekly Program Plan' interface. It features a sidebar menu with options like Dashboard, User Managements, Maintenance, Program Planning, GrandPlan, Weekly Program Plan, Show Planning, Production, and Editing. The main area shows a table with columns: Id, Start Date, End Date, Time, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday, and Actions. The table contains four rows of data, each with a unique ID and specific dates and times. The bottom screenshot shows the 'Create Weekly Plan' form. It has a similar sidebar menu. The main area contains a form with two rows of input fields for Start Date, End Date, and Time, followed by buttons for selecting days of the week (Monday through Sunday). A 'SUBMIT' button is at the bottom.

Create a new weekly program plan

Steps:

1. In menu File, click program planning ,click broadcast type and click plus sign.
2. Click button.
- 3.Type start date,end date,time , select week .
4. Click button to confirm the input

If the user has submitted the data then he/she can view it by clicking on dashboard to View Details weekly program plan .

C) Show planning

The screenshot displays the 'Show planning' form within the Minber production management system. The interface includes a sidebar menu on the left with options: Dashboard, User Managements, Maintenance, Program Planning, Production, Editing, Transmission, and Report. The main form area contains the following fields: Location Name, Recommended Completion Date (mm / dd / yyyy), Show Start Date (mm / dd / yyyy), Program Length, and a table for 'Add Required Materials'. The table has columns for #, Material, Quantity, and Price. A 'SUBMIT' button is located at the bottom right of the form. At the bottom of the page, there is a 'Log in with Telegram' button and an 'Activate Windows' watermark.

Create a new show planning

Steps:

1. In menu File, click program planning ,click broadcast type and click plus sign.
2. Click button.
- 3.Type plan date,select planner, program sub program, HR host , location, type plan duration, plan from, plan to, issue, gust, Recommended Recording Date, location name, Recommended Completion Date , Show Start Date,program length and add required material type material , quantity, price .
4. Click button to confirm the input

To finished plan the program then go to the production

2.2.4 Production

- ❖ Shooting schedule
- ❖ Record delivery

A) Shooting schedule

The screenshot shows the 'Shooting Schedule' form in the Minber production management system. The form is titled 'Shooting Schedule' and contains several input fields: 'Shooting Date' (2022-11-30), 'Shooting Time' (11:30), 'Location' (Location), 'No of Cameras' (No of Cameras), 'Camera Man Team Lead' (Select Camera Man Team Lead), 'Host' (Host), and 'No of Memory' (No of Memory). The form is part of a larger application with a sidebar menu on the left containing options like Dashboard, User Managements, Maintenance, Program Planning, Production, Editing, Transmission, and Report. The browser address bar shows 'https://production.merkuz.com/shootingSchedule/create'.

The screenshot shows the 'Memory Receiver' form in the Minber production management system. The form is titled 'Memory Receiver' and contains several input fields: 'Memory Receiver' (Select Memory Receiver), 'Program' (Program), 'SubProgram' (SubProgram), and 'Message' (Message). The form is part of a larger application with a sidebar menu on the left containing options like Dashboard, User Managements, Maintenance, Program Planning, Production, Shooting Schedule, Record Delivery, Editing, and Transmission. The browser address bar shows 'https://production.merkuz.com/shootingSchedule/create'.

Create a new shooting schedule

Steps:

1. In menu File, click production ,click shooting schedule and click plus sign.
2. Click button.
3. Select shooting date,type shooting time , location , number of camera , Camera Man Team Lead , number of memory planner, select host , memory receiver , program , sub program and type message.
4. Click button to confirm the input

B) Record delivery

2. Click button.
3. Select schedule, type delivery date, delivery time , number of camera ,number of part, select program host , memory delivery to , number of memory , memory serial number ,message , and add record delivery detail and select program, sub program, ordered to.
4. Click button to confirm the input

2.2.5 Editing

- ❖ Editing order
- ❖ Deliver memory to editor
- ❖ Deliver memory to supervisor
- ❖ Edited record delivery
- ❖ Graphics order
- ❖ Graphics editing delivery
- ❖ Social media order
- ❖ Social media order delivery

A) Editing order

Program Editing Order

Create a new editing order

Steps:

1. In menu File, click editing ,click editing order and click plus sign.
2. Click button.
3. type order date, order time , select editor name ,type message, add program editing order detail select program , sub program , editing type, for tv,for youtube, for advert,priority, type delivery date , delivery time.
4. Click button to confirm the input

B) Deliver memory to editor

Minber production management system

The screenshot shows the 'Memory Delivery to Editor by Supervisor' form in the Minber production management system. The left sidebar contains a menu with options: Editing, Editing Order, Deliver Memory To ED, Deliver Memory To SupV, Edited Record Delivery, Graphics Order, Graphics Editing Delivery, Social Media Order, and Social Media Order Delivery. The main form area includes the following fields:

- Delivery Date:** mm / dd / yyyy
- Delivery Time:** -- : -- : --
- Editor Name:** Select Editor Name
- Remark:** Remark
- Priority:** Select Priority
- Program:** Select Program
- Sub Program:** Select Sub Program

At the bottom right, there is an 'Activate Windows' watermark and a 'Go to Settings to activate Windows' link.

Create a new deliver memory to editor

Steps:

1. In menu File, click editing ,click deliver memory to editor and click plus sign.
2. Click button.
3. type delivery date, delivery time,remark , select editor name ,priority, program, sub program, type memory id , select is lipsync.
4. Click button to confirm the input

C) Deliver memory to supervisor

The screenshot shows the 'Deliver memory to supervisor' form in the Minber production management system. The left sidebar contains a menu with options: Editing, Editing Order, Deliver Memory To ED, Deliver Memory To SupV, Edited Record Delivery, Graphics Order, Graphics Editing Delivery, Social Media Order, and Social Media Order Delivery. The main form area includes the following fields:

- Delivery Date:** mm / dd / yyyy
- Delivery Time:** -- : -- : --
- Supervisor Name:** Select Supervisor
- Remark:** Remark
- Program:** Select Program
- Sub Program:** Select Sub Program
- Number of Memory:** Number of Memory
- Memory ID:**

❖ Program broadcast

A) Program broadcast

The screenshot shows the 'Program Broadcast' form within the Minber production management system. The left sidebar contains a menu with options: Dashboard, User Managements, Maintenance, Program Planning, Production, Editing, Transmission, and Report. The main form area is titled 'Program Broadcast' and contains the following fields:

- Program:** A dropdown menu with the text 'Select Program'.
- Broadcast Type:** A row of checkboxes with labels in Amharic: 'የቴሌቪዥን' (Television), 'የሪዲዮ' (Radio), 'የክሊፕ' (Clip), 'ፊልም' (Film), 'ቲኒ' (TV), and 'ሌላ' (Other).
- File Name:** A text input field with the placeholder 'file_name'.
- Length:** A text input field with the placeholder 'length' and a small icon on the right.
- Broadcast Date:** A text input field with the placeholder 'mm / dd / yyyy'.
- Broadcast Start Time:** A text input field with the placeholder '-- : -- --'.
- Broadcast Status:** A dropdown menu with the text 'Select Broadcast Status'.
- Remark:** A text input field with the placeholder 'remark'.

A blue 'SUBMIT' button is located at the bottom right of the form. An 'Activate Windows' watermark is visible in the bottom right corner of the screenshot.

Create a new program broadcast

Steps:

1. In menu File, click editing ,click program broadcast and click plus sign.
2. Click button.
3. select program, select broadcast type, file name,length,broadcast date, Broadcast Start Time, select Broadcast Status,remark.
4. Click button to confirm the input

2.4 Report

- ❖ Weekly program report
- ❖ Show plan summery
- ❖ Transmission summery
- ❖ Editing summery
- ❖ Graphics summery

A) Weekly program report

The screenshot displays the 'Weekly Programs' report in the Minber production management system. The left sidebar shows the navigation menu with 'Report' selected. The main content area shows a table of weekly programs with columns for Number, Start Date, End Date, Time, and days of the week. The table lists 6 entries, showing details for programs 5, 6, 4, 3, 1, and 2. The interface includes a search bar, date range filters, and a 'Log in with Telegram' button.

Number	Start Date	End Date	Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

Showing 6 of 6 entries

Steps:

- 1) In Report, click weekly program report.
2. to search the program write name ,email, phone or address.

B) Show plan summery

The screenshot displays the 'ShowPlan Summary' report in the Minber production management system. The left sidebar shows the navigation menu with 'ShowPlan Summary' selected. The main content area shows a table of program plans with columns for id, Program, Plan From, Plan To, and Count. The table lists 4 entries, showing details for programs 1, 2, 3, and 4. The interface includes a search bar, date range filters, and a 'Log in with Telegram' button.

id	Program	Plan From	Plan To	Count
1	መደብ ማርኬት ማዕከል	03/12/2022	28/03/2023	2
2	ሀዋ ገደብ	28/07/2023	22/11/2023	2
3	ለሀገር ገደብ	15/12/2022	18/03/2022	1
4	ጥቅምት	09/07/2023	11/08/2022	1

Steps:

- 1) In Report, click show plan summery.
2. to search the program write name ,email, phone or address.
- 3.if you want to download the summery click download button

C) Transmission summery

The screenshot displays the 'Transmission Summary' report within the Minber Production Management System. The left sidebar contains a menu with options: Maintenance, Program Planning, Production, Editing, Transmission, Report, Weekly Program Report, ShowPlan Summary, Transmission Summary (highlighted), and Editino Summarv. The main content area shows a table with columns: id, Program, Broadcast Type, Plan From, Plan To, and Count. A single row is visible with id 1, Program 'መጽሐፍ ማረጋገጫ ማግኘት', Broadcast Type 'የቴሌቪዥን', Plan From '12/06/2022', Plan To '12/06/2022', and Count '1'. Above the table, there are filters for 'Per Page' (8), a download button, and date ranges 'From 11/29/2022' to '12/29/2022'. A search bar is also present with the placeholder 'Search by name,email,phone,or address.'.

Steps:

- 1) In Report, click transmission summery.
2. to search the program write name ,email, phone or address.
- 3.if you want to download the summery click download button

D) Editing summery

The screenshot displays the 'Editing Order Summary' report within the Minber Production Management System. The left sidebar contains a menu with options: Maintenance, Program Planning, Production, Editing, Transmission, Report, Weekly Program Report, ShowPlan Summary, Transmission Summary, and Editino Summarv (highlighted). The main content area shows a table with columns: id, Program, Editing Type, Editor, Plan From, Plan To, and Count. A single row is visible with id 1, Program 'መጽሐፍ ማረጋገጫ ማግኘት', Editing Type 'Editing', Editor 'Editor', Plan From '29/11/2022', Plan To '20/12/2022', and Count '2'. Above the table, there are filters for 'Per Page' (8), a download button, and date ranges 'From 11/29/2022' to '12/29/2022'. A search bar is also present with the placeholder 'Search by name,email,phone,or address.'.

Steps:

- 1) In Report, click editing summery.
2. to search the program write name ,email, phone or address.
- 3.if you want to download the summery click download button

E) Graphics summery

The screenshot displays the Minber production management system interface. On the left is a sidebar menu with options: Dashboard, User Managements, Maintenance, Program Planning, Production, Editing, Transmission, and Report. The main content area is titled "Graphics Order Summary". It includes a search bar with the placeholder text "Search by name,email,phone,or address." and a table with the following data:

id	Program	Editing Type	Editor	Plan From	Plan To	Count
1	amirah amirah amirah	Editing	Editor	08/12/2022	08/12/2022	1

At the bottom right, there is a Windows watermark that says "Activate Windows Go to Settings to activate Windows."

Steps:

- 1) In Report, click graphics summery.
2. to search the program write name ,email, phone or address.
- 3.if you want to download the summery click download button
